

# Health & Safety: Management of Regulations Policy

Date	Review Date	Co-ordinator	Responsible Body
September 2016	September 2017	Headteacher	The Good Shepherd Trust

The Trust and governing body (We) are aware that under the Management of Health and Safety at Work Regulations 1999 we are required to introduce health and safety arrangements, health surveillance and procedures, provide information to school personnel, appoint competent persons to enforce and promote health and safety, train the workforce and to make assessments of the risks to the health and safety of employees and others.

We acknowledge that risk assessment is the main segment of the Regulations. Therefore, we will ensure that Risk Assessments are in place and that we have implemented the necessary measures if the risk assessment shows that Health and Safety Legislation is not being complied with.

It is vital that we have Risk Assessments for all operations, activities, jobs, tasks, people, systems, machines and equipment in place so that we are able to determine whether or not we comply with Health and Safety Law.
