

Fun, Faith & Fellowship!

St Mary's Church Chiddingfold Children, Youth and Families Ministry Vision.

This vision underpins all that we do ensuring that our younger members grow up having fun, developing faith and sharing in a safe fellowship and community.

Fun

St Mary's is a fun place, with lots of energy, excitement and activities for young people and their families to discover God, explore faith and follow Jesus.

"I love meeting new friends"

"I like the fun activities in All Stars"

"We love the beanbags!"

Faith

We know that young people need a separate space to engage with and explore faith in a way that will deepen their relationship with God and are committed to generating that in a safe and relevant way.

We also know that worshipping together, as a family, is essential and will continue to create ways that all generations can grow and celebrate together.

"I like time to talk to God"

"I feel close to God through the bread and the wine"

"Church helps me to see the world as God made it."

Fellowship

Following Jesus means that we are part of a wide family who share in the highs and lows of life with each other. Having a support network is essential no matter how old (or young!) you are so all we do nurtures our Church Family and encourages sharing food, time and news with each other! We believe in having something for all ages to get involved with and keep evaluating our work to ensure that one stepping stone leads to another!

Keep your eyes peeled for our Family away days and camping trips that are in the pipe line!

"Church isn't just a building!"

"I Make new friends!"

"Church is full of nice people"
