In what is the last week we will be covering the Je Peux (I Can) unit we ask that you send in a video clip of you saying one of the new phrases we have learnt across the unit, with you actually doing that phrase. For example, you could say the phrase 'Je peux danser' and then do a small dance move or 'Je peux cuisiner' with you doing some cooking (this can be staged). The hope is that we will be able to make a small video of 3K & 3R doing all the phrases we have learnt, which will then be posted on Seesaw for you all to see!

We hope you have enjoyed this unit and learnt lots of new vocabulary! After half-term we will be looking at our new unit which will be Animals! So, rest up over half-term and we will see you soon. (:

Just for fun:

Did you know that usually on 13th February in the City of Menton an event called Fete du Citron is usually hosted? The festival celebrates the annual production of specialty lemons and other citrus fruit in Menton. All the floats and sculptures present at the carnival are created from lemons and oranges! The festival usually attracts more than 240,000 French and international visitors for the 15 days of festivities! They usually have citrus fruit structures several meters high and beautiful flowerbeds.

We think you will love these clips below showing a sample of the festival both at day and night, please look here:

<https://youtu.be/HWJfbtsR08s>

https://www.youtube.com/watch?v=BMXjSNY1xok&feature=emb_title

Maybe you might like to make something using some fruit or vegetables that you may have at home and hold your own fun festival this weekend at home! Send us some photos if you do!

14th February is Valentine's Day!

See here for a fun clip:

<https://www.youtube.com/watch?app=desktop&v=JvbKOKxdmjU#menu>

You might like to decorate some French Valentine cards and send them to friends perhaps, see the attached PDF
Or why not decorate a flower, see attached PDF Une bonne amie est... (A good friend is)

If you have Hama beads have a go at making one of these like I have!

Bonne chance! Madame Chaplin, Monsieur Hanson.
